CAPO 4 (Brackets without Capo/Bass Guitar)

**Intro G Em C D x2 (B G#m E F#)**

## Verse1:

**G (B) Em (G#m) C (E) D (F#)**

Feeling stronger, when I'm weak, On the floor again humbly at your feet.

I am yours, you hold me up. The night is gone it's almost sunup.

The morning shines in, rays pierce this place. The thought of you, I cannot erase

I don't want to go; I want to stay here forever.

## Chorus:

Your love is faithful, its irreplaceable. I'm stronger looking in your eyes.

Better than a mother, more than brother. You're the best friend that I have ever found

## Instrumental

**G E C D X1 (B G#m E F#)**

**G (B) Em (G#m) C (E) D (F#)**

Feeling stronger, you're around. On my knees again, fall to the ground.

Pick me up, send me on my way. You have work for me so I cannot stay.

Out of the water, a new man found; Refreshed as I venture to town.

There is work to do; I want to stay here forever.

## Chorus:

I know I'll stumble on the way, will you never let me go.

You are with me all the way; I will never let you go.
